I was thinking that she is already in Mexico or on the way there.

I am meeting her on Thursday afternoon in Mexico. She is picking me up from the airport.

She were exchanging txts these days. My understanding is that she is right now in Mexico as she was telling me how great is the house she rented.

At least I am sure that she is there from Tuesday night and Wednesday.

Perhaps I misunderstood her and she is just now getting there through NY,

I just texted her "where are you exactly right now"

Will let you know when I hear back.

Boris
