**Subject:** please pass on

I feel in an awkward position . I have spoken at length to Eileen . your financial architecture is complex , and does not scale from that of a dentist. A mandatory distribution of 100 million per year to charity is not in your childrens or your interest. In the example given in the letter. it refers to pedestrian amounts of money. These structures are designed merely to save taxes . they are the energy efficient plumbing. no more. you need to first design the house.
