Jeffrey,

I contacted the EVS electric 4x4 I fwd you on Friday, the company went out of business, poor product support is what the dealer told me,, I think the best choice for the hanger and Helicopter movement is the Polaris Electric cart side by side with flat bed for luggage etc, similar to Kawaski Mule . I will get firm pricing for your approval if you think this is best choice?,

.good torque and smooth operation when moving the helicopter is my foremost concern.

thx
Larry
