A gripping thriller straight out of real life, THE IMPOSTER is an original film experience that walks the razor's edge between true-crime documentary and stylish noir mystery.

The twisting, turning tale begins with an unsettling disappearance – that of Nicholas Barclay, a 13 year-old Texas boy who vanishes without a trace. Three and a half years later, staggering news arrives: the boy has been found, thousands of miles from home in Spain, saying he survived a mind-boggling ordeal of kidnap and torture by shadowy captors. His family is ecstatic to have him back no matter how strange the circumstances – but things become far stranger once he returns to Texas.
