Subject: JE concerning the Phones

Good evening [REDACTED]

There was an email I received from the boss today concerning the phone.

I will need to be onsite to troubleshoot the terrace phone, is this outside the pavilion? Or out the Great Room? Also I am not understanding flag pole, were the labels with not replaced with new ones I left with you last week Wednesday? If you ran out I left you with the new template in the Dock manager office.

Please advise.
