Dr. Victor called saying HIPPA is a very big deal and taken very seriously (patient confidentiality)...he must get a letter from Karyna stating that she will release her records to you so they can keep this letter on file. Dr. Victor says it must come from her and have her signature on it. Alternatively, Karyna could also request her own chart be sent to her...this letter would still need to be signed by her and sent to Dr. Victor's office.
