The surgery is probably a function

Sorry for all the typos. Sent from my iPhone <=> On Jun 10, 2012, at 9:17 PM, Boris Nikolic [REDACTED]

Not sure what I can do.

Please see emails from [REDACTED] next week. I planned to be in NYC for her surgery.

She now does not want to give me ANY details re surgery.

Anyway – I will be there for her if she needs anything but I feel there is nothing I can do.

</=>

I am just afraid that everything is unstable.

Any suggestion?

I planned to be in NYC as soon as I heard that you might be having a procedure there.

Whatever works for you.

I will be there for you between 20-26,

If you do not want to meet before your recovery – no problem. <=:p>

I will=be there just in case that you change your mind.

Please don't worry – Steve will be there with me.

I am sorry to be private about things right now. Trying to find some peace.

Sorry that is Monday the 18th June in California.

I think there is also a dinner 14th June but I think that is private and not likely to be covered by media.

I learned today that BG is now very interested in the carbon markets and indeed is planning to make BMGF carbon neutral.

Hope you are doing ok -
