Lots of fun. Very cool experience. Lots of time at the track. Much bigger deal than the last race. Headed to the track now. They are doing practice runs at night tonight. They don't light up the track at night, so it's a little crazy. It takes them at least 4 minutes to do one lap..very large track. And the best part is, the food is amazing! ;-) They have Italian chefs that cook for us breakfast lunch and dinner. Yum yum!!
