Was there the week before. I opened an office in London to invest in European brands in high end consumer sector.

Dear friend

I just came across this talk on TED. To me, it is why we should live life with an intent.
While I live my life as such, it is helpful to get a reminder from time to time. And,
this one is really inspiringly good. I think of my friends, and I believe you are one
who will enjoy this.
