cannot have a figure off of gross reveinu.. worst case
large revenue,, no profit, and still pay . also gives too
many people access to books. we discussed this on the
first call

That's fine. Let me look at my schedule and we can
figure something out but I may do first go around.

I didn't – I figured we would save it for when he pushed back.

Ill revisit for alternatives. On another note – I am meeting with David Hall, President of UVI, week after next as I spoke to the Director of Development at UVI and told him that UVI should get the per annum payments from the RT Park companies directly and not the RT Park – he didn't even know they were not getting the money directly.

Finally hunted down Rohrlick from RT Park. He

indicated the Board will want a percentage rather than the flat fees proposed of \$100K \$200K and \$300K. By way of example - he claimed on company which projected \$30M in revenue a year – paid \$350K upfront with .05% of gross revenues per annum payable to the RT Park. Another company which projected \$5M per annum did \$150K upfront plus 1% of gross revenues per annum. Thoughts?

I am headed overseas – email is best – we can set up a call if you like – but email me first and we can confirm times.
