Absolutely, I will. He meets Gates once a year - and is doing so in 3 weeks. I suspect he'd like that but also rather have BG come in at the higher valuation - this special price is for us, which the board approved last December.

Jeffrey,
Please find attached the Jawbone principal financing documents.

It looks like \$20 million will indeed be possible if we move fast but a minimum of \$15 million in any event. I will explain the background by phone.

Assuming you are ok to proceed, please could you or your attorney send information on the proposed entity as per our discussions. Also, if you can make me an officer of the company so that I am the signatory - because the board have approved any entity connected with me to invest at the time of the last closing - December 7th, 2011.

If your people can draft me the simplest 1 page document conceivable for our arrangement. My entity details are

I.W. Osborne (BVI) Limited

British Virgin Islands

I just arrived back in London and look forward to speaking later on.

Best wishes,

Ian
