Hi Brice,

As discussed earlier the HP pump for our RO plant burnt out last night. We have TSG coming out in the morning to assess the situation. At this stage we might be in need of either hiring your plant or buying it. Please can you advise on what you would be prepared to rent it out for. Would you be prepared to sell it to us for ca \$30000? Please let me know your thoughts.

Many thanks,

Richard Morris
