Subject: FW: AT&T Microcell

Attached is Brice request
No mention of cost or your approval
Makes no sense to put Zorro Microcell on LSJ account
We try very hard to keep all property expenses and assets separate
In addition Daphne or Jeanne would be contact for LSJ account information
Please advise

Rich
i'm in the process of setting up a AT&T Microcell in the living room
Activation site is asking for account user name and password.
I purchase it under my VI # 340 513 9855 so would expect to make it easy information for that
account would be best
there is no monthly charge, just one off purchase and if it doesn't work it can be returned in 30
days
Can you plse forward info

Brice
