seriously cool stuff
due to the sensitive nature of work in the lab (and to which my autonomic ideas contribute) i
can't send anything in email

you will be super interested in what happens in the labs at weizmann
not sure when we can talk about it

i've been asked to join as visiting professor - need to figure out details that suit me
big lab of brilliant youngsters that i could manage from anywhere

have to put together my ideas into project form for them (short and concise) and wondering what format
would work for your foundation for funding?
