Richard:

The other remote outside of an iPad that we recommend using with a Crestron system would be RTI (see attached). The pricing for these units are as follows:

RTI T2c \$1349.00

RTI T3v \$1899.00

when i reviewed with jeffrey yesterday he said that he does not want a creston remote
he prefers a simple Big Universal Remote
any suggestions?
thank you

Richard:
Attached please find cut sheets for the prospective remotes we've speced out for the media room. In speaking with Jeff he didn't want a remote that is predominantly a touchscreen, e.g. an iPad or newer version of his current remote, these 2 models would work nicely. I've also attached a cut sheet for the newer version of his current remote for review, the model of that is MT-1000c. The Blu-ray player we're recommending is the Panasonic DMPBDT320.
See pricing on all below, please note pricing for the remotes are for hardware only it does not include programming.
Best

Jeff

Panasonic DMPBDT320 \$225.00

Crestron MLX-3 \$1450.00

Crestron MTX-3 \$2050.00

Crestron MT-1000c \$2445.00 (newer version of his current remote)
