you are at risk of losing what good will and feelings i have towards you. your revisionist history is tedious and grossly distorts the facts , while at the same time leaving out your role in the events of the past. You seem to forget that you walked out. you seem to forget the reality of the circumstances in which you were when we met . you seem to forget how many nights i chose to go into jail early than continue to listen to you. you forget that with all that I have given you hundreds of thousands of dollars , AFTER you decided to leave. Your decisions not to go to school , but to go horseback riding, you learned to drive, you learned to fly, you had a toothbrush and were eating popcorn.. you couldn't afford a sex toy on your own, you have earned no money either when we were together or after. you were not questioned by the authorities , and as i was in love with you , a significant impetus for my accepting the deal offered was that everything you had done would be covered and you would be out of harm's way,
