I have spoken to Frederic. He says he can do this right away and we will receive the desk in about 4 weeks, but he thinks it is stupid as we will have to pay separate shipping costs for the stools afterwards. He mentioned it could be about E800 to ship the stools afterwards which sounds crazy. We are splitting the cost of the shipping with him so maybe this is why he is advising against it.

He says it will only take him 3 days to upholster the stools.

The fabric house is going to deliver the fabric directly to Paris. They say it could take up to 2 weeks, probably less, but to be safe they want to say 2 weeks.

Should we still go ahead and ship the desk immediately?
