Subject: unrelenting sex drive - rabies report

Thought you'd enjoy an article one of my research assistants dug up:

<http://www.nbcnews.com/id/44993630/#.UVTFwlsRDfI>

I quote: "she felt constantly aroused, often with no stimulation at all."

I'm on east coast next week (week of April 4-5) and the week after (April 11). You around to plot?
