Subject: Maldives / USVI

Jeffrey:

I have not heard from our friend in the Maldives for a few week. Just wanted to make sure you were aware.

Also, I am going to be in the USVI Saturday and Sunday this weekend. I am letting you know because if you did, in fact, want to be involved with the plan for the next Gubernatorial Election as well as the Delegate and Legislative Races the preparation and development of the 2014 efforts are now getting fully underway.

If you were around, I did have time to come over to meet with you on Sunday, otherwise if you wanted to discuss the overall political infrastructure developments we can do that at a time that works best for you.
