called you, need answers tomoorw, History is taken care of, alan has a solution moving forward, I have done and am doing as you asked. I am your friend first second and third, . biz comes way down the list. In the past there have been many many errors, both mechanics and documents. (that were sloppy and in some cases misplaced,) and accountings that left out info, - solutions exacerbated rather than alleviated many of them. There are tons of unsigned doc, solutions, that go back as far as 08. time to get serious
