I want to keep [REDACTED] to help my je. I would trust her with you, which is a rare thing for me to say.

She makes you her priority when necessary- eg: on gulfstream to ranch she focused on preparing your coffee and a snack before feeding herself.

She prepares your things (food) with care and seems to have taken time and thought to how you would like it. She does not do a slapdash job just to get it done

She is organized, fast, and always on time

She is respectful of your property and the space around you and is extremely clean , neat and tidy

Lyn has commented on her cleanliness and helpfulness - I have never heard Lyn say this about anyone

She is kind and thoughtful and constantly asking whether she can help myself, Jen and others

Where other people wont even think to offer help she does so without me even having to ask. eg helping me pack up luggage and food bags in Long Beach.

I have not heard one person say a bad thing about her.
