Jeffrey,
I'm at Best Buy shopping the Isj Kitchen system solution.

Option #1

Bose has a Sound Bar with small Wireless Subwoofer that sounds very good, Nice Clarity. Fiber

Opt out of TV to the Sound bar. Sub woofer would fit under kitchen bench.

Price \$1500

Option #2

Sony Mini system 5.1 with smart Blue Ray built in with optical in, very small subwoofer. \$500

Option #3

\$300 price range.

The Logitech computer speaker systems in stock at Best Buy use USB or 1/8" mini plug, not optical cord, I know some of the logitech systems offer optical for their computer system like you have already, I'll continue to search if Logitech is your preference.
