you and i remind me of that scene at the end of the sex in the city movie with Big and Sarah Jessica Parker when they realize they've already done everything in the world to hurt each other

so it was sort of plain sailing from there on... they knew each others ins and outs, strengths and weaknesses and they loved each other regardless

we didn't chose to be together , least not that way, but i definitely don't want to ever be embroiled in conflict with you again. it doesn't feel relevant anymore to our lives

i genuinely care for you too much , whether or not i'm passing muster in your world , as you see fit.
