Subject: LSJ Kitchen system

Jeffrey,

I visited the Bose store and would like to try this system if you approve, Bose has a 30 day return policy if we don't like the system operation and I can return for full refund.

I like the universal remote that come with the Bose Lifestyle system, it is Apple TV Friendly and the tiny speakers are available in White. The remote is RF and programable so equipment can be hidden under the seat in Kitchen, the only challenge would be subwoofer location, (Brice, I'm thinking of locating the Sub in the storage area where cable box is located.)

This system has Three HDMI inputs and one HDMI to the TV, so our current set up will work Brice,

see link to system:

http://www.bose.com/controller?url=/shop_online/home_theater/home_theater_for_your_hdtv/lifestyle_v_class/index.jsp

Jeffrey, is this approved, if you don't like it, I'll return it,, I could purchase and set it up Wednesday when I arrive in st Thomas?

thank you,

Larry
