this is cmu
still the best at AI

Roger,

In-line responses below.

On 2/12/2013 8:00 AM, roger schank wrote:

my billionaire friend now wants to build real AI
unfortunately he has gotten together with AGI people, who look to
me like a bunch of nuts

he wants to fund a meeting of people that I suggest (including young people I
would not know) to discuss how we would build the AI machine we
all thought about back in the day

apart from the obvious "does this make any sense" question, cause I kind of think it
does, I have three questions

1- would you want to come to a meeting to plan out what we would do if we had all
the money we could possible need?

Wouldn't miss it!

2- are there people not in this list (ie not my former students) who should be invited?

Manuela Veloso
Mike Miller
Emma Brunskill

3- are any of them under 50?

Mike Miller (piagetmodeler@hotmail.com)
Emma (ebrun@cs.cmu.edu)

You have to work hard to find youngsters who live the dream of true AI.
