Subject: example of first polio idea , there are many

1. give donor a structure that allows him a future estate tax benefit and a current deduction, 2 the actual money is received by the foundation in the future, 3. the discounted value of the deduction can be used today for polio. 4 the donor gets the polio reputational credit now. 5 the foundation , " fronts the money , with the irrevocable guarantee " provided by the structure.(can't be changed without dire tax consequences to the donor). 5 everyone except the govt wins. in essence funding todays polio with future estate tax paid to the foundation instead of govt.
