just spent 2 hours searching hydraulic hoses as i thought jacks pricing was aggressive
found 131 foot coil at 15.98 per foot vs jack 29.15 per foot = 1725 savings

also found at 18.78 per foot vs 29.15 per foot = 150 ft = 1555 savings

jack is proving to be very expensive

[REDACTED] can you please verify that i have sourced proper hydraulic hoses (1" 5000psi sae 100R16)
