are you ok with the below solution regarding palms from PR
would apply credit to next plant order

Brice

When we do the measuring of the palm ,we use an specific pipe that have the length
foot by foot 1-20. The supervisor that always do the work for digging your palm
, let me know that he measure each one and each one have the same amount
of feet, 12' clear trunk.

So we are going to give you the credit of **\$ 25.00/ per palm for a total of \$
250.00**

If you have different measure of the palm be sure you don't excavate to deep
because you maybe damage the palm . Remember to be in the same leave of
the soil of the B&B when you do planting.

Sorry for the inconvenience .

Thank You,
Have a nice weekend
Best regard,
Agro. Ingrid Rivas
