i see no reason to rush, but it is your life. I think it shows strength, but i realize you are dealing with difficult personalites, where are your other choices.

Are you sure waiting is good? The next meeting won't be until feb 20 if it should be in NYC.

I am talking to Samsung Monday and again on the 25th. There's a non zero chance that a rumor will start. If that happens then they will add Samsung to the noncompete. I don't know why it isn't there now (but VMware is).

If that happens I could end up not signing and still not at Samsung (or anywhere).

Did you ever hear from Cook?
