I am in bed with flu . You will have to decide, if and when you have someone begin asking tough questions. Bryan will probably quit, before he gets caught. an acct should go in and do an audit . this was supposed to have been done last feb. I understand if you are torn. katia should be able to give you end of year numbers this week. ... [REDACTED] will be on beach with antoine verglas, behind isle de france.

- #2. Went to Dasha Zhukova and Roman Abramovich's....after. Took Austin and Gaby and could not get anymore people in. I am sorry. I don't the hosts that well and I was lucky enough to get myself in.
- #3. The Island is hot with every rich Jew that is not in Aspen...although the boats are starting to clear out....I have seen just about everyone. Missed Denzel Washington jet skiing in the harbor. There are many rich high profile music/show biz African Americans in very visable residence...including Eddie Murphy.
- #4. I am here till Sunday.
- #5. Darin...the creep that use to work for me sent out an email on my computers to all the studio people and my clients announcing that after 5 years he is "spreeding his wings"....ie going into business.

I got cc on this from friends.

I called the computer company who is reconstructing all his emails. I will send an email to all saying he has been replaced by and sensational capable experienced gal and we will be call them after the holiday. We also sent letters to everyone going to Sundance..and Jenna and I may have to go.

Bigger situation...I have to see if Bryan plans on "helping" him. That alone is worth the price of a lawyer asap.

Someone at the computer company must have tipped off Darin because he tried to call me and sent an apologetic email which I will forward. Really think I need to have a killer lawyer deal with him asap....all my clients are loyal. Sony Classics already called and asked if they should work with him and I said no and they said fine.

Other than the usual shit between my brother and Bryan/Darin...I have had a great time.

Are you coming here?

Peg
