Attached JD mower with Hopper and Honda walk behind mower with invoices for you review and approval

As discussed the JD Hopper mower is for heli pad and backup mower to existing unit please note the existing unit does not have the capability to attach hopper/bagger unit.

The walk behind mower is for the grass at the main compound , specifically around the pool At present Tony uses a weed eater to trim grass, unfortunately the grass clipping get thrown into the pool.

Rich should be able to negotiate price since we are getting two units from the same dealer can we move forward with purchase.
