## TIME CAPSULE: 1950S RETRO KITCHEN

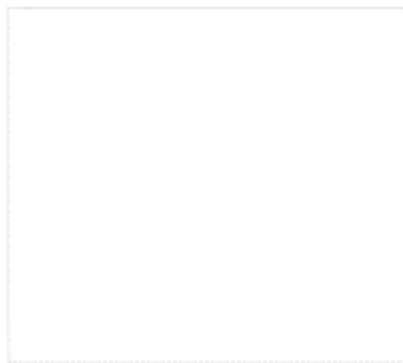

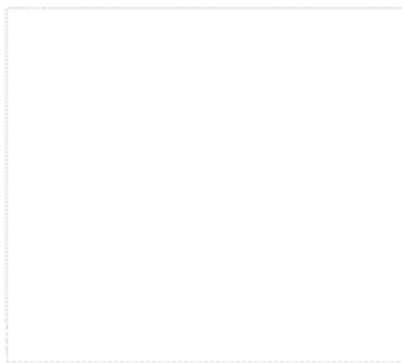

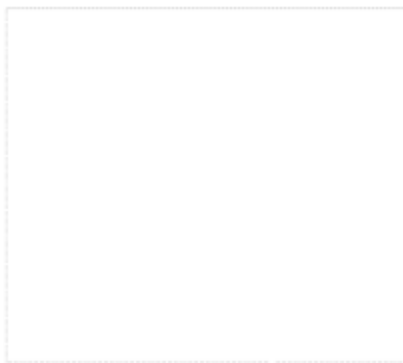

*Cook up the classics.*

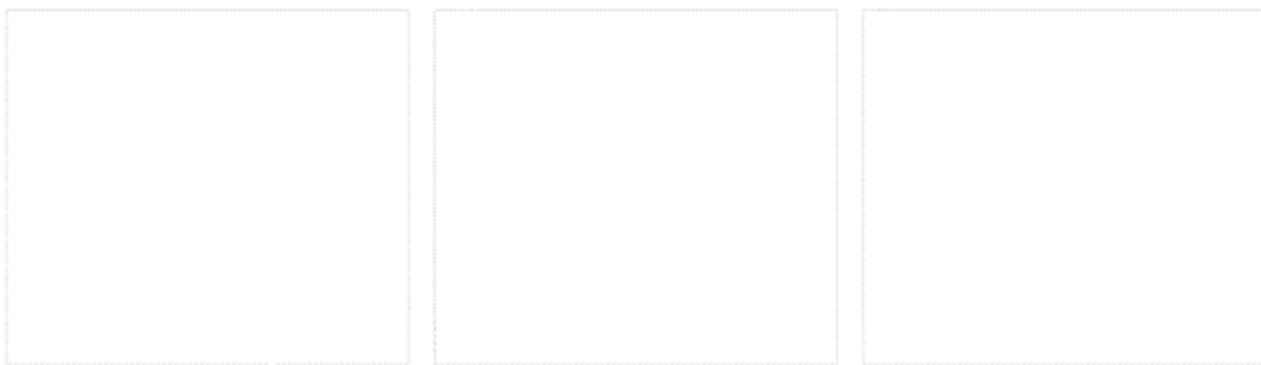

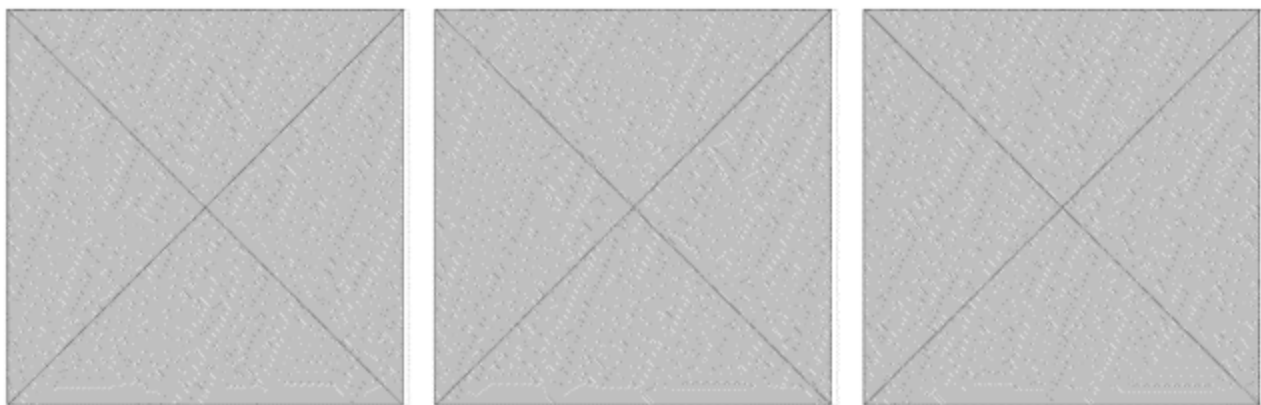

Let's turn back the clock to the fabulous '50s, when kitchens truly were the heart of the home. With a pot roast in the oven and a fresh jello mold chilling in the fridge, housewives kept their homes in shape, with help from kitschy gadgets and a cheerful soundtrack of early rock 'n' roll.

Transport your own kitchen back in time with a feast of retro kitchen staples. Sticking with a palette of candy red and aqua blue, sample soda shop classics like barstools and vintage-inspired cookware. Next thing you know, you'll be serving up meals soaked with nostalgia and lots of love—just like Mom used to make.
