ok to buy

On Mon, Jun 30, 2014 at 5:39 PM, Jermaine Ruan <[REDACTED]> wrote:

Good day Boss,

The blue switch is not keeping the programming. Cisco tech support assisted me over the weekend to replace a few parts that may have caused the problem and help with the necessary reprogramming. I have scheduled a test for tomorrow once I install the switch. If these modifications don't work I will have to request the purchase of a new one (estimated price is \$1500.00).

Regards

Jruan
