Sorry I missed your call.,
I spoke to John who is lead on this project for you now., The boat in Bahamas is working now,
according to John, the lead person assoc with Bahamas police that was willing to let us demo
the boat has moved on.,
John informs there are several boats close to sea trial in Seattle Washington at their factory we
could demo in July and August if your travels take us there?
John is going to send photos of a 38' enclosed boat that has air-conditioning he thinks you may
have interest as well.,
Also the West Palm Beach sheriffs department operate one of their boats, different style cabin, I
told him to send photos to see if you are interested in viewing.,

Thx
Larry
