Subject: update

Hi Rich,

to recap, I am working on the following: (we are down to 2 negs on the first page but the 2nd page is still loaded with recent bad press).

- following up with the new NET website which is about to go live.
- drafting another article for Forbes/ Huff Post/ Time etc on MIT Media Lab.
- regular new content on all 9 existing sites for Jeffrey.
- revising our yellow pages listing.
- setting up a Jeffrey Epstein LLC site.
- setting up other profiles: forbes, Bloomberg businessweek, some charity sites etc.

I will send everyone an update shortly.
