Subject: Re: Next week

Those areas will have first priority and be fixed right away. No doubt about that. It is a different part of the crew

I wanted to check with you regarding the construction part in reference to noise levels.

Trust me... There will be no more slack with main compound issues. Nobody leaves before it's done and I have personally checked everything in the future prior to your arrival. I do prefer getting emails telling me how good things look, instead of complaints, so lesson learnt

Best

John

yes, but in the morning though i totally despise the idea, i will walk around with you ana and a camera and notepad. I am much less concerned with construction then i am with the poor quality of main compund , flag pole and areas that i use , it makes no sense

Jeffrey,

How do you feel about construction next week.

I'd like to get 5 palms irrigation finished

Also, bring over the large track hoe tomorrow so we can get the stone wall by the basket finished.

Is that ok with you?

Thanks

John
