I can only assume , like me , the novelty is running thin on minister meetings. Very few , if any, with coherent views, usually , they are of a past generation with confidence in constraints that really no longer should exist. . Why don't we do something radical. disruptive, . Global Health could be advanced in leaps instead of steps , with try genetic breakthroughs, and virology, I am happy to share a signifigant fund with you in pure research, if you choose. Pushing people is old school, lets pull them,
