You mean from Google's perspective? If you are saying Craig thinks I am asking for too much I understand that is his position (or at least the position of corp dev)

I have detailed numbers – all the finances were being redone based on the program restart. Lots of data to pull together there. (besides, I was super tired last night).

I have advisors talking with Google, not just me.

I have very accurate numbers for the Google path – they were done internally so I cannot share/use them. That is why I had to recreate them for this alternative path.

I want you to succeed. as you already know. my suggestions not much different from the

ones three weeks, ago. 1 YOU should not be doing the negotiations. you have done yourself a disservice. 2 Google is the best partner, the other offers were only to use as leverage. 3. you need , or the person in charge of negaotions really needs , accurate numbers. that is paramount, you do not have a good grasp. 4 as my friend i feel you have the right to commit financcail suicide, you are on your way, Im merely pointing out the result that appears on the horizon. 5 I understand you do not take advice . shame. you have an amzing opportunity , that i told you on the island was yours to lose . snathcing defeat out of the jaws of victory wouldl be a sin
