Subject: Copy of the porcelain room to be installed in NY

Dear Mr. Jeff Edwards,

According to your email, we are writing to you to tell you the two possibilities we offer to build the Porcelain Room in New York city.

The first one would be to make a new copy from scratch, and install the copy in New York. This option would be a little expensive.

However there is the second option. In this case we can purchase the existing copy in the USA, restore the copy and install it in the final emplacement.

The dimensions of the room are: 7,5 x 7 x 7

This choice would be much more cheaper than the first one.

Any information you may need, please let us know and we'll send it to you.

We are looking forward to hearing from you.

Best regards.

Eduardo Benavente
