can't contact you more than a week :(Sorry that I'm constantly bothering you, feeling guilty but it's really very urgent for me. Any answer would be better than no answer, cause I'm worrying. I went to Samarkand from Tashkent to my parent's house to apply for a visa etc by my resident address . and can't stand here no more , and I'm stuck for so many days because can't offer a passport office my evidences and payments from school.
that is it.
