I work on my attitude. Gave up on sweets, eating lot of proteins, drinking plenty of water. Telling the truth and being honest. Sometimes I do excuse myself for something. Then I realize it's wrong. It is attitude that I got from home- absolutley wrong i totally agree. I try to eliminate as much as possible. Sorry for arguing with you in some stuff. I know you are right. You always are!
Thank you for being patiet and believing in me. Thank you so much for all advice! Even if I was stubborn and not happy with them I took them all! I'm thankful so much Jeffrey. Please, don't be upset with me.

When I write that you must work on your attitude, , this is what i mean I have suggested many mnay times in the past the importnatcce of thank yous and doing nice things. the importance to be successfull in telling the truth, . the importnace of not making excuses , / I believe in you. instead of telling me why it is necessary for you to eat so much, junk, --magnesiom, or tell me your views on what you have read, been told , now understand. I suggested to you that arguing with me is silly, after i tell you to work on your attituede you write me that it is helpful in my getting jobs. silly silly, getting jobs is easy, being secure is not.

I spend the time to respond, but as you see there is not a "thank you" in your reply
