Subject: sigh.. mortgage limbo

well.. one mortgage company is held up waiting for govt to say, yes, I really did file my business taxes, and JP morgan, which is the preferred one came back yesterday and said they have restructured to lower loan amount by \$70K and will see if that flies.. I can probably cover the extra \$70K, but they said that they would hopefully have a decision by today but today is gone.. closing was supposed to be Monday and my real estate agent and the sellers are freaking.. hopefully this will resolve itself by Friday and we can set a date for closing within a couple of weeks.. or I expect the sale will fall through. Remarkable.
