Dear Jeffrey,

Thank you for introducing me to Mr. Black! He seems very nice.

I've given a thought to what to do in your dining room.

I propose the following six portraits for the room. Each print will measure approximately 55x65 inches with the frame. I offer you the pieces, including production, for \$100,000.

This is fifty percent less than the gallery price.

I think it will look amazing and provocative. I also may want to change the color of the room if you're up for it.

All best,

Andres
