Subject: Re: Parts needed

Can you get him to bring TWO heavy duty 1/2" air impact tools with him?? Also two sets of gear wrenches both standard and metric
Both sets should go from 5/16" or 8mm to 1" or 25 mm or as close as they can get. We also need two cases of spray cans of ether or starting fluid.....which is very flammable and should be treated carefully...
We need air hose quick connectors...Milton brand with 1/4" NPT female threads... At least six quick connectors and the attendant male fittings that plug into them 1/4" NPT also

Thanks
