Create the look you've always wanted.

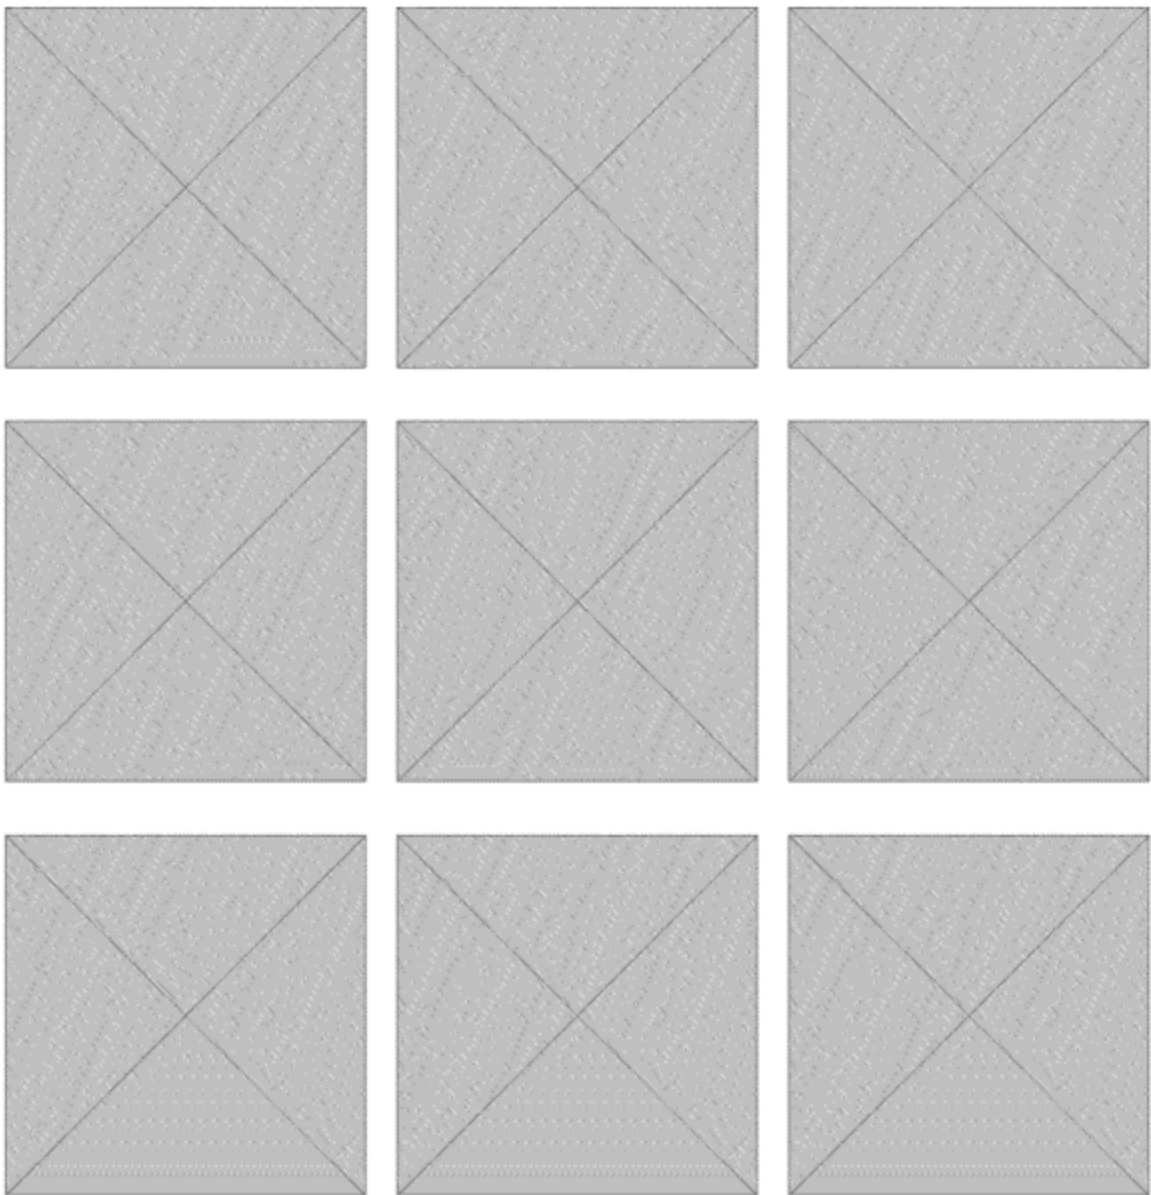

Behold—the mid-century modern living room you've always wanted. The pieces are all here: The sleek, natural wood coffee table. The cheerful throw pillows, styled just so. That perfect modern sofa. And today, you can make it a reality. We've gathered a collection of handsome products for creating your own idyllic mid-century living room. From graceful wood lounge chairs to beautifully arching floor lamps, pick out your favorites, and watch the perfect room come together before your very eyes.

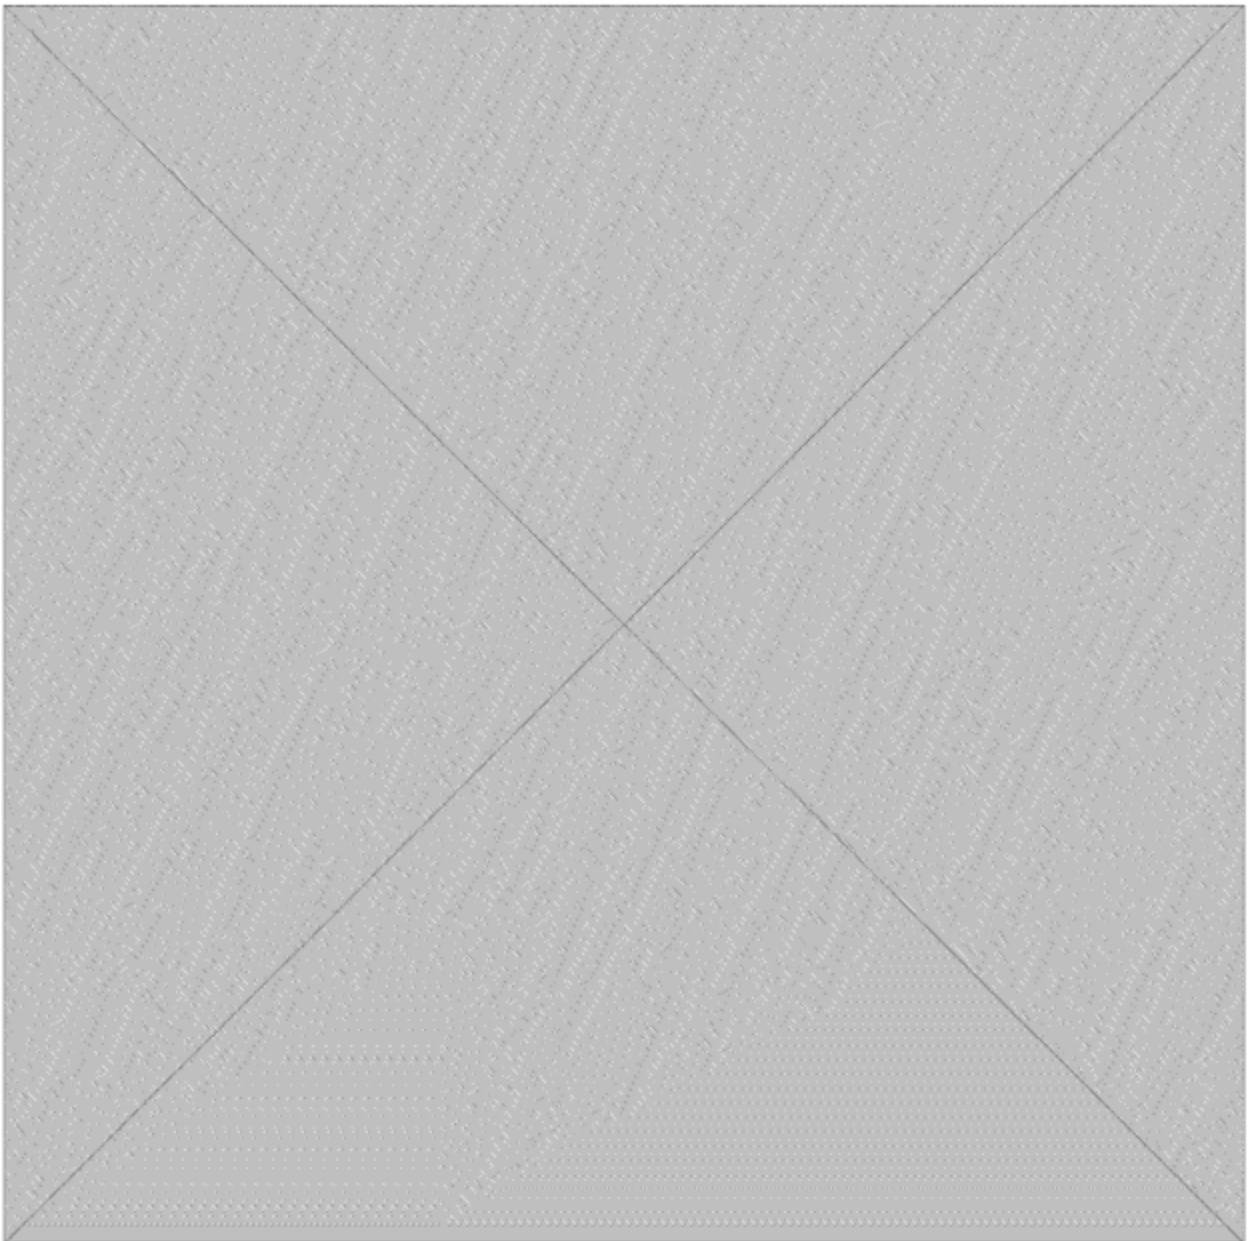

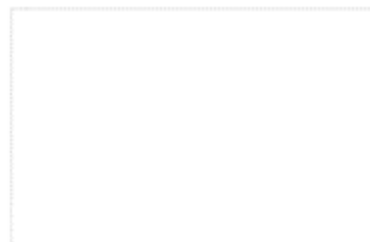

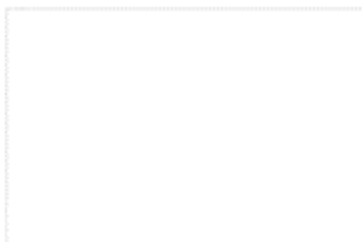

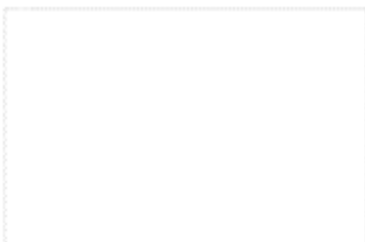

Get organized with this vintage sideboard. Inside the top shelves you'll find a removable shelf on one side and a mirror on the other, while the bottom drawers provide ample space for your belongings. This would be ideal for a dining room, but you could easily use it as additional storage in your living room instead.

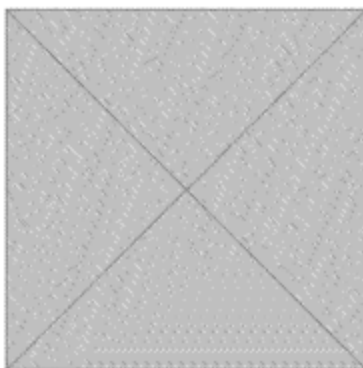

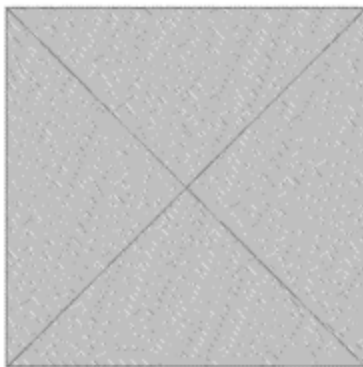

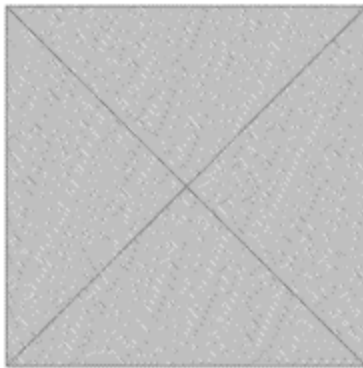

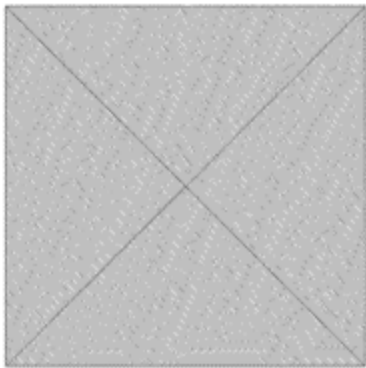

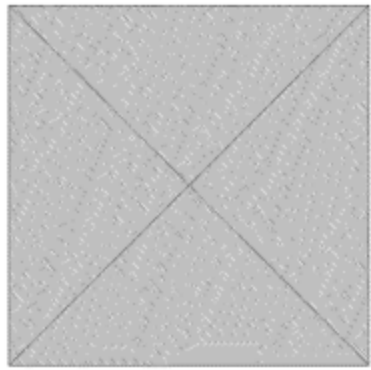

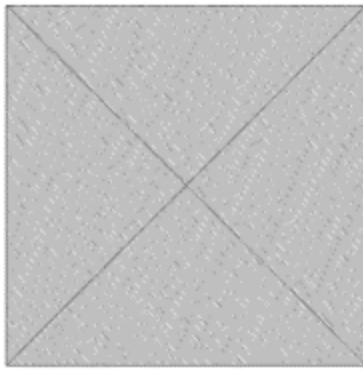

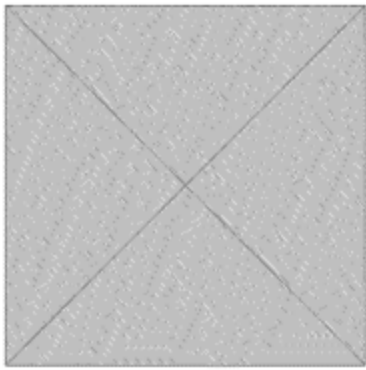

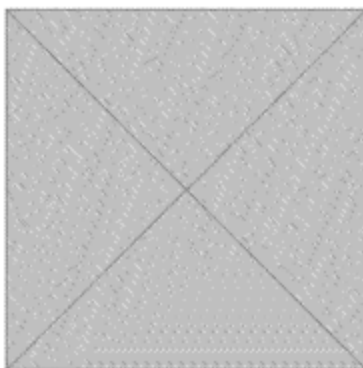

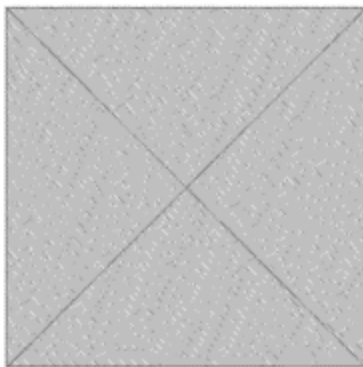

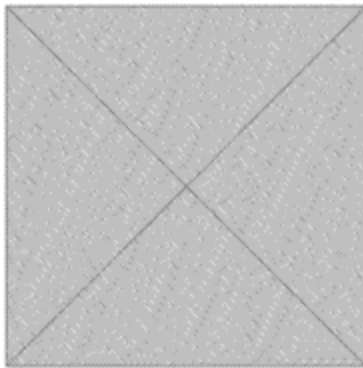

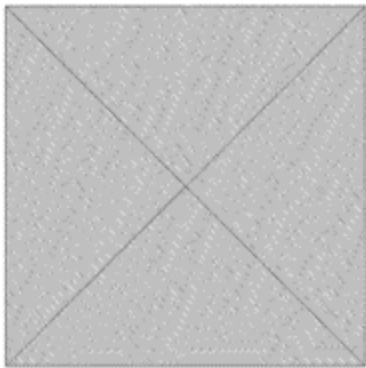

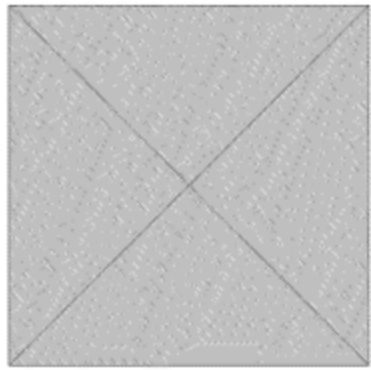

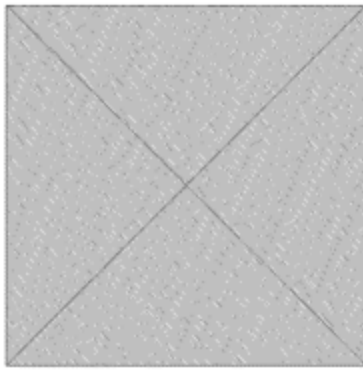

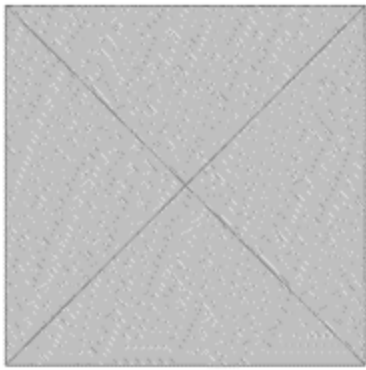

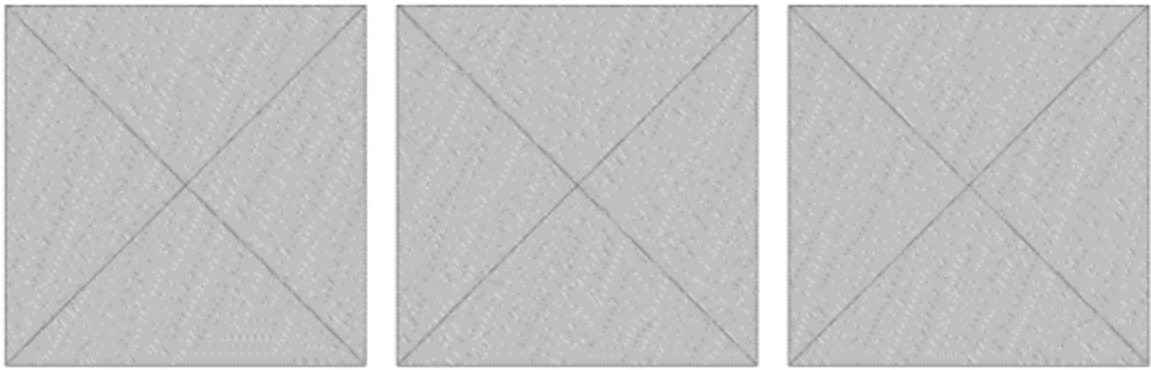

Add a dash of funk and a lot of fun to your space with this vintage-inspired dog marquee.
Handmade in the USA, this marquee can be mounted indoors or out.
