I believe in you, I have given you computers phones apt. a life. a board on which to draw karyna sent around a computer program called basecamp. you have not made an attempt to learn it. take a class. nothing, I sat with you and tried to explain that if you are going to wait for a response instead of following up nothing will happen I know you can be successful. It is up to you, I am embarrassed by your behavior as you should be. I want to help and am there for you, I cannot support you, but I can't force you to be successful.

I am very very disappointed. Your behavior is extremely discouraging. I have left five days ago. Not one time or message did you ask, how can I help, what should I be doing, just silly yoga. It is your life, I've tried to guide you. You have not followed through, on things that I have asked you to do. I know you are better than that.
