Subject: results update

Hi Jeffrey & Tyler,

The first day where I see no negatives on the 1st page. Tyler do you see the same?

The Science site finally surpassed the Forbes.

5 of our websites are on the 1st page.

This might change tomorrow-- but the Forbes was at the bottom of the page for the last 3 days.

There are 3 negatives on the 2nd page: Forbes, NY Post and Daily Beast.

Our goal should be to push those further down-- so that the 1st page is not vulnerable.
