Dear Lesley,

I am writing to follow up on an invitation that was sent to Mr. Epstein for a very special and intimate event taking place in Palm Beach at The Palm Beach Country Club on February 19th from 3 – 5 pm hosted by Mike Minikes and Joe Plumeri. Our President and CEO Dr. Ken Davis will lead a discussion with three of Mount Sinai's experts in the field of Personalized Therapy, Drs. Eric Schadt, Ross Cagan, and Daniel Labow, who are revolutionizing the way diseases are diagnosed and treated.

If he will be in the area at that time, we would love for him to join us. Bringing Drs. Schadt, Cagan and Labow together presents a rare opportunity to get an insider's view of cutting-edge science – science that is changing lives, and happening only at Mount Sinai. The formal invitation is attached here for your convenience.

I am including a link below to a very compelling article in last month's Esquire illustrating what this work can mean for our patients. The article, "Patient Zero," describes how Dr. Schadt's team with Mount Sinai colleagues – including Dr. Cagan and Dr. Labow – are pioneering an innovative approach to treatment for Stephanie Lee, an Iraq war widow facing terminal cancer. We will be lucky to have Stephanie at the event so you will hear first-hand about her experience.
