Subject: Joe

I just talked to Richard and went over names.

He agreed that contacting Susan Dr. Susan Bressman from Beth Israel is a good idea and he will take a lead on it.

I am also closing watching a start of a new trial in Boston of that company that work on antibodies that could stop progression of Parkinsons' Disease. My friend Sam Dryden is trying to get enrolled (I am helping on the access) so we will have an insider.

We will do for Joe whatever modern Medicine can do.
