Hey Bossman,

Please advise payment for the New parts & Installation for the R/O Plant.

The water level in each Cistern is at 2ft, Smiley said that we cannot let it get to 1ft because it will blow the distribution pump if it gets to low.

Subject: Quotation

Anna,

Please see the attached quotation and materials list needed to replace the complete internals of the High voltage MC Panel at LSJ. This price does not include labor to install. LSJ has three hours left on the books, and I figure to spend 8 hrs. onsite to replace the panel. Total additional labor for installation would be 5 hr. @ 100.00/hr. \$500.00 in addition to the attached quotation.

Call me with any questions,

Patrick Adams
